

## Wellbeing Wednesday

Dear Parents / Carers,

To help our students stay connected to peers and teachers, we are trialing online Wellbeing Wednesday sessions. These sessions will be conducted via ZOOM and will enable students to interact with other students, participating in a range of fun tasks and games designed to support their social and emotional development during this difficult and challenging time.

Wellbeing Wednesday sessions are completely optional and students will NOT be disadvantaged if they are unable to participate. Parents / carers will be required to support their child in ensuring the necessary software is installed on an approved device and assist them to login to their Department of Education account. Teachers will be calling parents over the next few days as part of their routine check-in calls and will provide you with the correct login details for your child to reduce technical difficulties.

We anticipate there may be technical difficulties experienced during the initial set up, as we all learn to navigate this new platform. We kindly ask that you take the time to ensure the device that will be used is fully charged or connected to a reliable power source and that the necessary apps/software have been downloaded and set up. We also request that you have successfully logged into your child's Department of Education account. We also encourage you to test your device's camera and microphone before the session is scheduled to commence.

Please refer to the 'How students can access Zoom meetings in NSW Public Schools' flyer attached and follow the step-by-step instructions.

On Wednesday, 18 August, Wellbeing Wednesday sessions will be at the following times:
